

## **Tailwind Air Announces First-Ever Seaplane Service to Provincetown from Boston**

*Boston Harbor or Manhattan's East River Service to Provincetown Harbor, MA. Seasonal peak demand flights will reduce travel times by over 60% between downtown and the popular summer destination. Tickets from Boston to Provincetown start at \$275. Flights operate May 25–September 6, 2022.*

**Boston, Mass.** – Two exciting new destinations will be accessible by Tailwind Air seaplanes starting this summer, creating the fastest way to Provincetown, MA from Boston Harbor. **Starting on May 25<sup>th</sup> 2022, travelers may now enjoy a nonstop seaplane flight directly from Boston Harbor (IATA Code: BNH) at Fan Pier Marina to Provincetown Harbor in Massachusetts.** Flights from Boston Harbor are approximately 35 minutes from dock to dock and include complimentary water taxi/launch service to and from the seaplane. Tailwind will also offer nonstop and one-stop flights from Manhattan at Skyport Marina at East 23rd Street to Provincetown Harbor, MA.

"We are the only seaplane operator in the Northeast with scheduled commuter service, allowing a semiprivate, super-fast experience to hard-to-reach popular summer destinations, while also continuing to serve our core Manhattan to Boston Harbor customers," said Tailwind Air Co-Founder and Director of Scheduled Services Peter Manice.

With the addition of Provincetown Harbor, Tailwind Air now serves four destinations from its Boston Harbor base. Manhattan is served three times daily seven days a week. Plymouth, MA is served daily. One-stop same plane service to East Hampton (HTO) is also available.

Manice explained, "We are excited to bring this new seasonal summer service and destinations to Bostonians and New Yorkers in addition to our existing seasonal summer destinations from New York to East Hampton, Sag Harbor, Montauk, and Shelter Island."

Tailwind Air already offers daily flights to Boston, Manhattan, Plymouth and Bridgeport, CT. It is the only seaplane commuter service out of Boston.

Frequent fliers are also encouraged to join the new **Tailwind Air Fast Lane Club**, a members-only experience offering huge savings and members-only perks, including everyday private fares on all routes from \$35, extra baggage allowance, and companion fares among many other perks. Tailwind also partners with the Omni Seaport to offer preferential rates on rooms for passengers. Fast Lane Club details can be found here: <https://www.flytailwind.com/product/fast-lane-club/>

A complete schedule for all flights operated by Tailwind Air can be found at [flytailwind.com](https://www.flytailwind.com).

### **About Tailwind Air's Seaplanes**

Tailwind Air is an experienced seaplane operator, flying a young fleet of modern, safe, and reliable Cessna Caravan amphibious seaplanes. With over 2,500 Caravans built, these aircraft operate with regional airlines throughout the United States and the world. Caravan Amphibians feature a highly reliable Pratt and Whitney turboprop engine, and include all the navigation, communication, and safety features of traditional air and watercraft. All flights are capable of landing on water or land and are flown with two pilots. Tailwind Air provides a comfortable lounge to accommodate guests in Boston and Manhattan, as well as light snacks and beverages. Seating in the executive cabin includes thirty-five-inch (35") seat pitch (vs. 30-31" in standard economy airline seat) for ample legroom, as well as window and aisle access at every seat. Crisp air conditioning and unforgettable city skyline views are also included.

### **About Tailwind Air**

Tailwind Air is a veteran-owned business, motivated by a passion for aviation and urban mobility. Founded in 2012, Tailwind Air is experienced in amphibious seaplane operations and committed to delivering time savings to customers by utilizing access to waterways and smaller airports closer to urban cores, like Manhattan and Boston Harbor. Tailwind employs a diverse and experienced team of more than 40 employees. In addition to seaplanes, Tailwind Air operates, charters, and manages a fleet of 20 aircraft based out of Westchester Airport, NY and Bridgeport, CT. Tailwind Air is a FAA and DOT licensed direct air carrier with certificate number XORA037U

## **About Boston Harbor Seaplane Base (BNH)**

The Boston Harbor Seaplane Base is the newest transportation option for Bostonians. Tailwind Air aircraft arrive and depart in the Boston channel adjacent to Logan Airport. Seaplanes station on a floating dock moored nearby and are transferred to the South Boston waterfront in about 7 minutes via a dedicated and enclosed water taxi. For more information about Boston Tailwind's Boston seaplane operations, visit <https://www.flytailwind.com/about-boston/>.
